The many projects for big subject feature films give promise of this fall being one of the greatest in the history of the motion plotture exhibition business, and the public will be the beneficiary in every way.

## Locomotor-Ataxia and Kindred Ailments Can Be Cured.

Ten million of the most intelligent and progressive citizens of these United States are patronizing, to the exclusion of drug doctors, the \$5,000 Drugless Healers in this country. Nearly all of this change in methods of treating disease has occurred in the last ten years. THERE MUST be a REAHON-namely, progressive and genuine scientific and proven truths, not theories (the short definition of which is the absence of truth, which has relegated to the junk pile the obsolete and dangerous systems that have prevailed much too long.

The advance of science is not entirely mechanical, but has reached the BROAD FIELD of RELIEVING HUMAN SUFFERING and RESTORING HEALTH. ALIMENTS that are by medical (want of) science classed as HOPELESS and INCURABLE are by the NEW SCIENCE—DRUGLESS HEALING—READILY RELIEVED, and in most instances CURED, WITHOUT MEDICINE or SURGICAL PROCEDURE.

WANT AD HOROSCOPE.

Many famous writers, musicians, and scuiptors were born on this date. The governing planet is Mercury, which gives swiftness to thought and action, lowe of change, and a desire for the beautiful. The fault of this offth date is lack of good judgment and lack of looking ahead and planning for the future.

Women of this birth date make charuting companions, but are any to be change-able in their affections and unreliable.

Men of this birth date must seize upon the present opportunity and concentrate on it at once in order to realise the greatest success.

This birth date gives great desire for knowledge and information, and, once-commanding their lower natures, beogle of this date may succeed beyond their deam.

During this coming paried the planets
